Hickory Lane Emergency Water Main Repair

Sykesville, MD, October 30, 2015– Carroll County Bureau of Utilities shut down water service today at 11:45 am to approximately 20 homes located on Hickory Lane and one on Liberty Road to do an emergency repair to a broken water main.

Bureau of Utilities personnel and emergency crews are on site to make the repairs. Service will remain off until repairs are complete and staff anticipates service to be restored by 4 pm today barring any unforeseen circumstances.

Once service is restored residents may experience cloudy water lasting up to an hour. Turning the cold water tap on and running water for several minutes will clear the lines. It is advisable to refrain from using high water volume appliances such as washing machines, dishwashers, etc., during periods of cloudy water or low pressure.
