Leister Park (formerly North Carroll Recreational Park)
Christine Cruz, Budget Analyst (410) 386-2082 8121

This project provides funding to develop the Leister property into a new park to serve the Hampstead/Manchester communities. While it will be a multi-purpose park, its primary purpose will be to provide passive recreation opportunities similar to Piney Run and Hashawha. Development of the park will include two baseball/softball fields, one multi-purpose field, pavilions, tot lots, bike paths and trails.

Projected operating impacts include: on-going maintenance costs including field maintenance, mowing, trash removal and spot-a-pots.

An individual page is developed for each project approved or planned in the capital improvement program and is presented in one of six budget categories: General Government, Culture and Recreation, Roads and Bridges, Public Schools, Conservation and Open Space, and Enterprise Funds. The typical budget page describes the scope of the project, prior and planned appropriations broken down by phase and funding source, and estimated operating impacts over a six-year period.

Capital Budget Revenues

This chart shows the capital budget by revenue source.

From Operating represents current revenues from local sources transferred to the Capital Fund, including transfer from the General Fund, agriculture transfer tax, impact fees and enterprise funds.

State & Federal includes funds from sources such as the State School Construction Program, State Program Open Space, Maryland and Federal Aviation Administration and State Highway Administration.

Bonds include new and reallocated general obligation bonds.

Direct Capital Revenues include funds earmarked by the Commissioners for use in the Capital Fund. These revenues are appropriated directly to the Capital Fund rather than being transferred from the General Fund. Local income tax revenue collected, of approximately 9.1%, is appropriated for school construction. \$.03 of the real property tax rate revenue is dedicated to Roads projects and Agriculture Preservation and a portion will be used to pay debt service in the General Fund for Agriculture Preservation.

Other consists of revenues such as grants, developer contributions and private and community contributions.

Capital Budget Appropriations

This chart shows appropriations to the six principal aggregations in the Capital Budget for Fiscal Years 1997 through 2005.

General Government includes County buildings, Farm Museum, Emergency Services Training Center, Community College and Carroll County Public Library projects.

Culture and Recreation includes the purchase of land for parks, development of parks, ballfields and Self Help projects.

Public Works includes projects for the maintenance and construction of roads and bridges.

Public Schools includes school construction, renovation and modernization projects.

Conservation includes agricultural preservation and easement programs, reservoir land purchases, and acquisition of property for other County uses, which may include future roadway easements and public facilities.

Enterprise Funds include Airport, Firearms, Solid Waste, Septage and Utilities projects.

CAPITAL IMPROVEMENT PROGRAM - Schedule of Reappropriations
Fiscal Year 2005
Budget

Reappropriations may occur when there are budgeted funds from a completed project or when there is an unallocated project that holds funds for a future use. For example, the State has included funding in FY 05 for Parr's Ridge Elementary School, therefore \$2.8 million of local funds are available for reappropriation.
