

# **A Quick Guide to the FY 07-12 CIP**

## **Department of Management and Budget**

### **Introduction**

The combined Recommended Operating and Capital Budget books are a bit more than six hundred pages long and contain a great deal of information. This Quick Guide is intended to serve as a summary of important information and changes, as well as a tool for understanding and locating information in the budget books.

The Recommended Budget is the Department of Management and Budget's recommendation to the Commissioners including expenditure recommendations that are consistent with the Commissioners' goals and fundable within projected revenues. The Commissioners will make changes to Management and Budget's recommendation after considering agency appeals and public input.

Management and Budget will meet with the Commissioners again in April to develop the Commissioners' Proposed Budget. The Proposed Budget will be available for public review and comment in late April. The Public Hearing on the Budget will be held in the Scott Center of Carroll Community College at 7:30 on May 16, 2006. Budget adoption is scheduled for 10:00 on May 30, 2006 in Room 300A of the County Office Building.

### **Revenues (17-19)**

- 9.09% of Local Income Tax is dedicated to the school system's CIP. Growth, though still strong, is showing some signs of weakening.
- Impact fee collections, which are used to fund school and park construction projects, are at their lowest level in years.
- Highway User Revenue from the State will be fully funded in FY 07 for the first time since FY 03.
- Program Open Space (POS) funding from the State will be fully funded in FY 07.

## General Government

- 800 MHz Radio System Upgrades & Improvements (43) – Funding of \$1.1 million is included in FY 07 for the addition of the MOSCAD Fire Station Alerting System which allows for notification and sounding of alarms in emergency situations using the 800 MHz paging system, virtually eliminating the use of phone lines.
- Board of Education – Central Offices (45) – Funding of \$41.7 million is included for FY 07 and FY 08 for the design and construction of larger facility and freeing their existing home for other uses.
- Carroll Community College Classroom Building #4 (46) – Funding of \$31.5 million is planned for FY 07 and FY 08 for a 77,000 square foot building to accommodate continuing growth in enrollment. The project also includes a parking lot with 270 spaces.
- Carroll County Public Safety Training Center–Relocation (49) – Additional funding of \$4.5 million is included in FY 07 to move the existing training center on Washington Road to a new location.
- Carroll County Public Network (50) – Funding of \$7.4 is included in FY 07 to expand the fiber communications infrastructure that will increase communication capacity, reduce on-going costs and provide redundancy in the communication network for emergency situations.
- Detention Center (55) – \$6 million is planned for additional capacity to house minimum security inmates due to overcrowding of the existing detention center. Efforts are currently underway to determine the location size, timing and cost of the project. There is a possibility of State funding participation.
