Budget Changes

- The 12.11% increase in Debt Service is due to planned bonding in the FY 09 Capital Budget.
- The 8.91% increase in the Reserve for Contingency is due to the Board of County Commissioners decision to reserve funding against the possibility of a continued downturn in the economy, and for federal and state government decisions that may have an adverse impact on the county budget. Typically, 1.25% of the budget is planned for the reserve for contingency. In FY 08, the Commissioners reserved an additional \$5.0 million to carry over as revenue into FY 10. The 1.25% reserve for the FY 09 Budget is approximately \$4.4 million, and \$5.5 million is additional reserve funding.

* The original FY 09 Budget book stated the Interfund Transfers and the Reserve for Contingency incorrectly. This page displays the correct numbers as adopted in the FY 09 Budget Ordinance.

Description

The funding in this budget is for the principal and interest the County pays on long-term debt. The County uses an analysis of the debt affordability to determine an appropriate level of debt to prevent revenue from being burdened by an unmanageable debt service payment and to protect the County's bond rating.

The County is rated yearly by three rating firms and in FY 07 received the following ratings:

Fitch	AA+
Standard and Poor's	AA
Moody	Aa2

Due to the County's strong credit rating, the County was able to issue \$30,435,000 in new bonds at 3.93%. The County was also able to refund \$6,650,000 in previously issued bonds at 3.93%.

The primary uses of bonding are Ag Preservation, school construction (see Board of Education Debt Service) and road construction.

Budget Changes

The 12.11% increase in Debt Service is due to planned bonding in the FY 09 Capital Budget.

Description

The County provides a number of revenues to Carroll County municipalities. The Bank Shares Tax, Road Grant and State Aid to Fire are all pass through revenues from the State. The County provides liquor and building permit services then sends the collections to the municipalities. The County also shares County revenue with the municipalities through the Town Program funding. Brief descriptions of these revenues follow:

- **Bank Shares Tax**
This revenue replaced the municipal share of a discontinued State tax.
- **Local Permits**
As a service to the towns, the County collects fees for permits issued inside town boundaries.
- **Local Liquor License**
As a service to the towns, the County collects liquor license fees inside town boundaries.
- **Road Grant**
The State allocates funds to the County to replace previous Federal road funding. The municipalities receive 20% of the total allocation and individual town distributions are based on road mileage within their jurisdiction.
- **State Aid to Fire**
State funds received by the County are passed on to the Volunteer Emergency Services Association. The County receives quarterly payments and distributes these funds at the end of the fiscal year.
- **Town Program**
The County shares a portion of its revenue with the municipalities. The amount is adjusted based on changes in municipal assessable bases and populations. Assessable base and population determine individual town distributions.

Budget Changes

The Town Program is formula driven based on the town's population and assessable base.

Budget Changes

The 12.21% decrease in FY 09 is primarily due to one-time funding to LOSAP in FY 08 of \$1 million and a decrease in the transfer to the Capital Fund.

- Transfer to Capital moves operating funds to the Community Investment Plan for paygo funding.
- The expenditures from the General Fund to the Grant Fund can be voluntary contributions by the Commissioners to support State and Federal grant programs or the contribution may be a requirement of the State or Federal program.
- Transfer to OPEB is to provide funds for future liability of post employment benefits.
- Transfer to LOSAP provides length of service payments to eligible volunteer firemen.
- The transfer to the Pension Trust Fund moves the anticipated future liability of the current employees' retirement.

Description

The Reserve for Contingencies provides funds for emergency and unforeseeable expenses. It is difficult to determine how much will actually be needed in a given year. Examples of expenses that could be covered by the reserve are:

- Snow removal costs in excess of the snow removal budget
- Newly mandated Federal or State programs
- Unexpected increase in the Detention Center population

Funds are moved from the Reserve to the appropriate budget with the approval of the Board of County Commissioners in response to a specific problem or opportunity.

Budget Changes

The 8.91% increase in the Reserve for Contingency is due to the Board of County Commissioners decision to reserve funding against the possibility of a continued downturn in the economy, and for federal and state government decisions that may have an adverse impact on the county budget. Typically, 1.25% of the budget is planned for the reserve for contingency. In FY 08, the Commissioners reserved an additional \$5.0 million to carry over as revenue into FY 10.
