* At the time the FY 10 Budget is adopted, it is still uncertain if the County will continue to receive some grants [or get new grants] and the amount of those grants. Because of this uncertainty the Adjusted Budget column is a more accurate figure.

Budget Changes

The 29.16% decrease from FY 10 Adjusted to FY 11 is primarily due to the one-time funds received under the American Recovery and Reinvestment Act of 2009 in FY 10.

Grant Fund Summary

Grant funds are revenues that are formally designated for a particular purpose or have specific requirements associated with eligible program costs. Budgets for grant programs are not finalized until state or federal funds have actually been awarded. Almost seventy-five percent of the grant fund consists of revenue to support the following programs/agencies:

Various **Aging** grants support senior housing assistance, health programs, guardianship, referral services, Medicaid Waiver, and meal programs for the elderly. The major revenues supporting these programs are established with the Federal and State grant awards, matched with County funding and are supported with limited program revenue.

Housing and Community Development administers the largest single grant awarded to the County, Section 8 Housing Choice Voucher Program. Section 8 is a federal program under Housing and Urban Development (HUD) that provides tenants with a rent subsidy. This program assists the elderly, handicapped, disabled and families of low income.

Planning grants consist of both federal and state dollars for the operating assistance of a rural area public transportation system for the general public, senior citizens, and persons with disabilities. This system is also supported with matching funds from the County.

Local Management Board (LMB) programs are funded at the State level, primarily from the Governor's Office for Children and the Maryland Department of Human Resources. The (LMB) is comprised of public and private organizations and individuals appointed by the Board of County Commissioners to develop community based services and supports which promote positive outcomes for children, youth, and families.
