

## **Overview of General Government CIP**

The General Government portion of the Community Investment Plan (CIP) addresses capital projects that do not specifically fit in one of the other five categories: Culture and Recreation, Public Works, Board of Education, Conservation and Open Space, and Enterprise Funds. General Government projects are typically related to the Office of Public Safety, Carroll Community College, Carroll County Public Library, Sheriff's Services, and Senior Centers.

Funding is included for maintaining and upgrading the County's 911 Radio System. During the early years of the project the main focus will be purchasing parts and equipment to maintain the existing analog radio system. Conversion to a digital system is planned for FY 13.

Included in FY 12–17 is funding for systemic improvements and renovations for County facilities, including roofs, parking lots, and HVAC systems.

Funding is included in the CIP for technology improvements and a replacement telephone system for the County Government.

In FY 12, a project is included for improvements to the Mount Airy branch of the Carroll County Public Library. This project is contingent on matching funds from the State's Library Capital Grant program and will consist of a parking lot overlay, roof replacement, and interior enhancements.

For additional information on General Government projects please refer to the individual project pages.

# Carroll County 911 Radio System

Larry R. Brown, Senior Budget Analyst (410) 386-2082

8264

This project provides funding for extending the life of the existing analog radio system until a transition to digital can be accomplished. During the early years of this project the main focus will be purchasing equipment and parts to maintain the existing analog radio system. This project will also provide the foundation for the transition to a digital radio system. To accomplish this, existing microwave links and communications equipment will be replaced with digital equipment to enable fire and police personnel to communicate with outside jurisdictions who have already switched to digital radio systems. Conversion to a digital system is planned to begin in FY 13.

# County Phone System Replacement

Heidi Pepin, Budget Analyst (410) 386-2082

Proj #

This project provides funding to replace the existing County government phone system, originally installed in 1998, with a new Voice Over Internet Protocol system. The phone system serves the County Office Building, Maintenance Center, Barrel House, Extension Office, Detention Center, Courthouse Annex, and the Historic Courthouse. Emerging technologies and the County's changing needs will be evaluated before the selection of the new system. Included in this project is the replacement of telephones currently incompatible with Voice Over Internet Protocol technology.

Projected operating impacts include annual maintenance and telephone replacement costs.

# Library - Mount Airy Branch Improvements

District Location: 4

Heidi Pepin, Budget Analyst, (410) 386-2082

Proj #

This project will renovate the 19 year old Mt. Airy Branch of the Carroll County Public Library. Funding will cover improvements to the exterior of the building including a roof replacement, sidewalk improvements between the parking lot and main entrance for ADA compliance, and parking lot overlay. Interior improvements include the addition of a much needed computer room, consolidation of customer service desks, increasing express checkout work areas, and enhancing the existing public computer area to better accommodate WiFi users.

*This project is contingent on State funding.*
