**PURPOSE:**

1. To establish, maintain and operate one or more media access center(s).
2. To ensure that CMC operates in the public interest in accordance with FCC rules and regulation in providing Public, Education and Governmental access television needs and services for the County and Towns it represents.
3. To ensure that CMC serves the community and region with non-commercial programming reflecting the activities, concerns and interests of the residents of Carroll County.
4. To develop funding resources and administer such funds in order to promote Public, Education and Governmental programming in the public interest.
5. To provide individuals and organizations the necessary resources and support to produce programming for the access channel(s), including training, equipment, production facilities and channel time.
6. To promote and develop activities, concerns and interests of the residents of Carroll County in a manner that promotes a free exchange of ideas and information.
