

# McKinstry's Mill

The Village of McKinstry's Mill is located at the Frederick County Line on McKinstry's Mill Road, Marble Quarry Road, and Sam's Creek Road. The main stretch of the Village is approximately 0.8 miles long. Sam's Creek provides the boundary for the County line and the southern boundary of the Village.

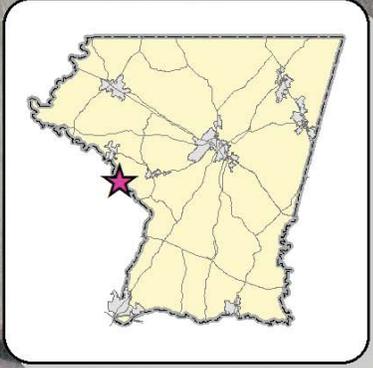

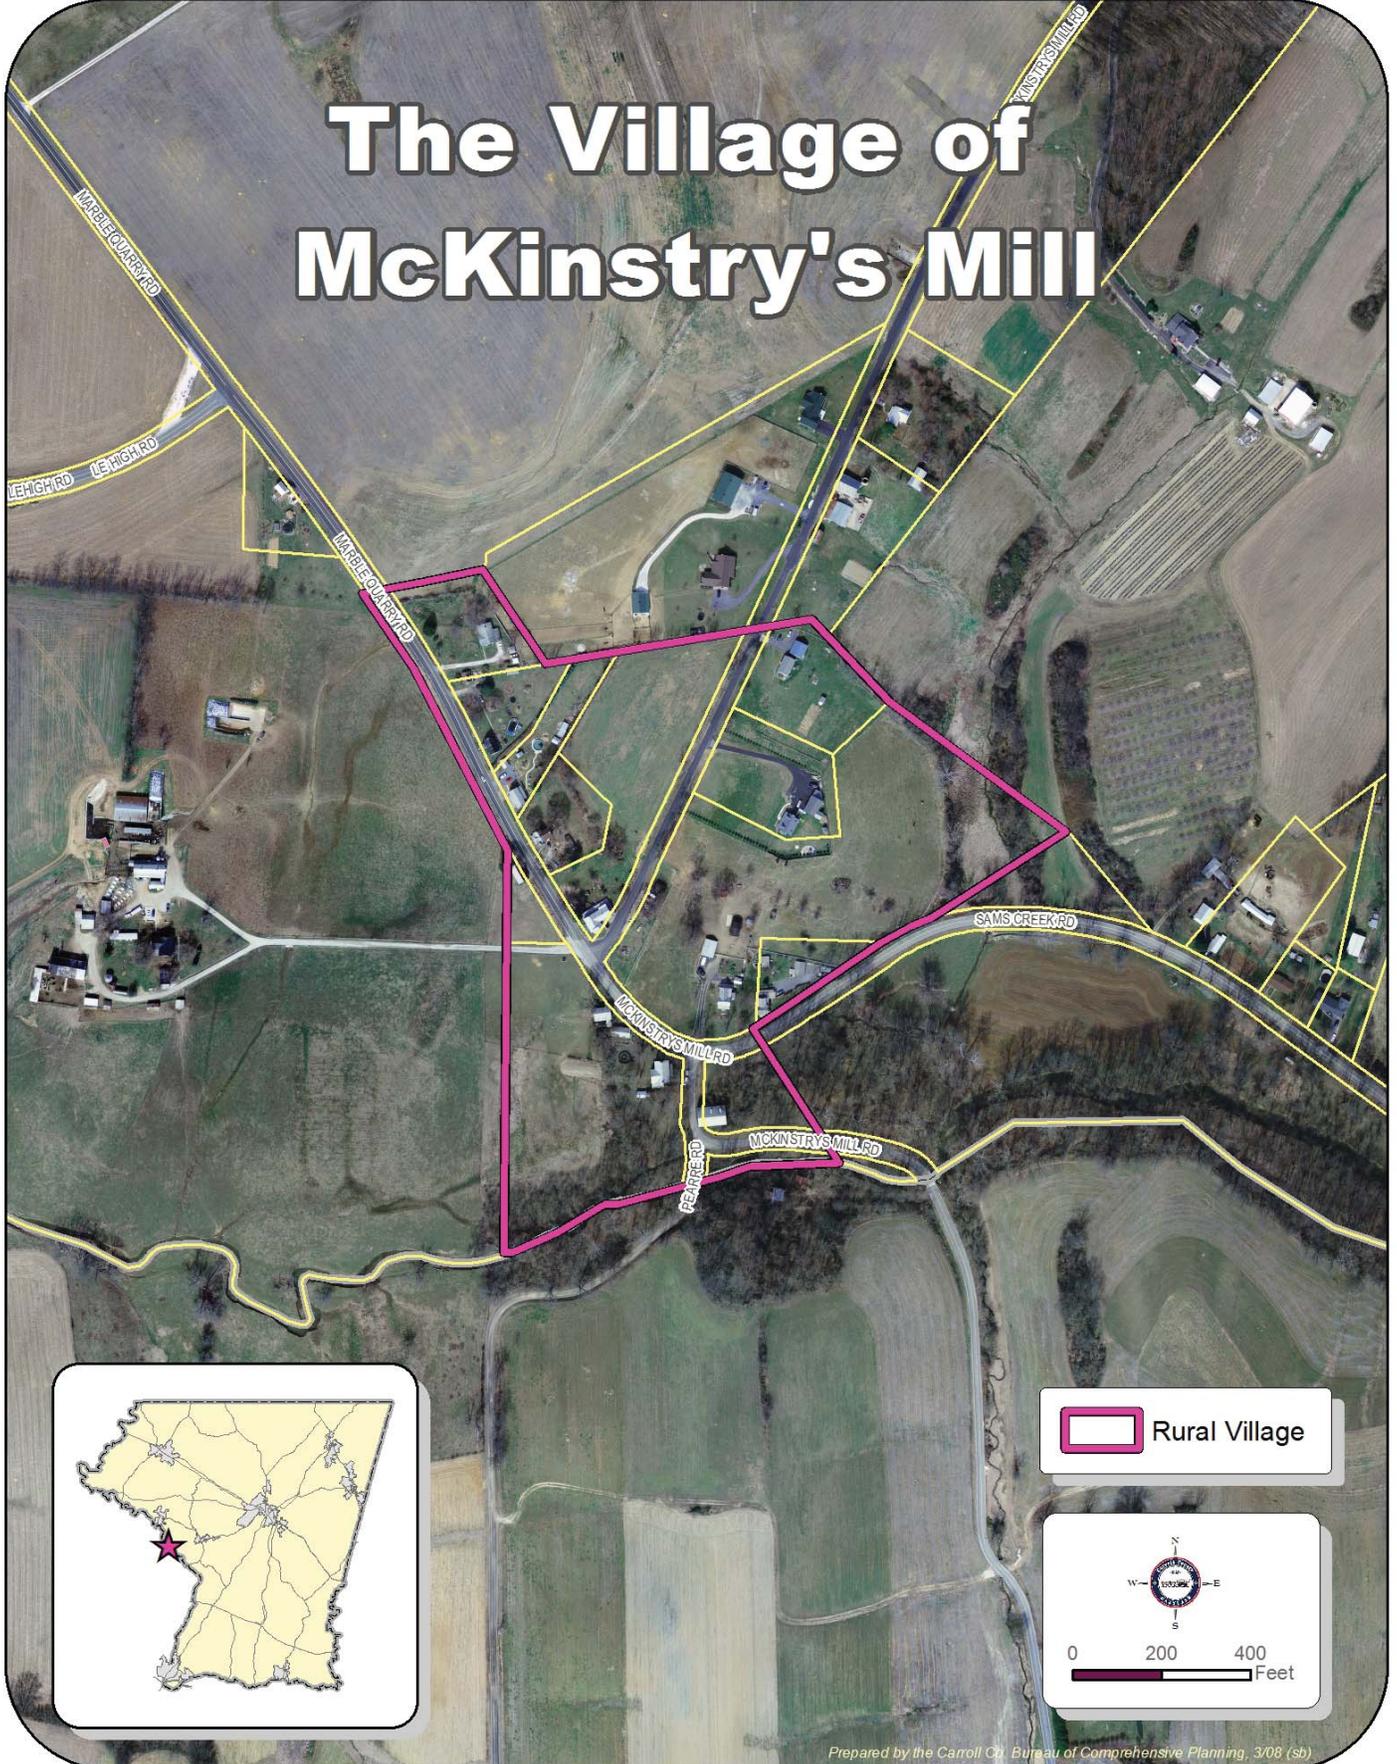

The Mill has secured the Village's place on the National Register of Historic Places.

Only former businesses exist: the mill and a general store. The residential characteristics include brick and painted brick homes, a few farms, siding-covered homes, and some Victorian-style homes.

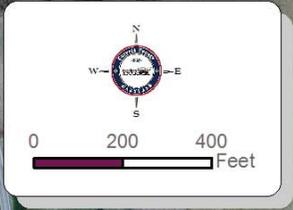

McKinstry's Mill is surrounded by open fields, wooded areas, and cornfields. A Maryland Environmental Trust Easement is located west of the Village, and an Agricultural Land Preservation district is located southeast of the Village.
