2016 ENVIRONMENTAL AWARENESS AWARDS

The purpose of the awards program is to promote awareness of the environment and acknowledge exemplary accomplishments in the protection, conservation, and improvement of our environmental resources. The Carroll County Commissioners adopted the Environmental Awareness Awards program in 1990 to recognize individuals and groups that have demonstrated these qualities through their actions or projects. Awards are presented biennially to individuals and groups chosen from nominees submitted for consideration by their peers, although self-nominations will be accepted.

Awards were given in five categories for 2016 – Individual, Agriculture, Student, Business, and Institution. Winners were recognized and presented their awards in a ceremony with the Board of County Commissioners and the EAC on April 21, 2016. This year, a Project of the Year award was presented as well. Today's Arbor Day Tree Planting Ceremony is dedicated to this year's award winners.
