

## 2019 Work Plan

### EAC PURPOSE

---

Created under Chapter 31 of the Carroll County Code of Public Local Laws, the Environmental Advisory Council (EAC) is dedicated to exploration and promotion of the County's environmental management responsibilities, to providing the Commissioners with educated information and/or advice that is in the best interest of the County and the County's residents, and to assist with environmental educational efforts.

### EAC FUNCTION

---

The EAC functions at the direction of the Carroll County Board of Commissioners and, as such, works cooperatively with County environmental staff to research environmental policy issues; to advise the Board of County Commissioners; to foster environmental education; and generally to act in the best interest of County residents by promoting effective environmental protection and management principles.

### WORK PLAN PURPOSE

---

As an advisory body to the Board, the EAC provides information to the Board on emerging environmental policies and projects. Projects may be individual, discrete projects of the EAC, supplemental or supportive to staff projects, or recommend measures to mitigate environmental impacts for projects initiated by or supported by the Board.

This work plan outlines the topics, projects, and/or issues where the EAC will assist and advise the Board for the 2019 calendar year. The EAC reviewed these topics with the Board in the annual joint meeting held on February 7, 2019.
