

# Oklahoma Phase I Stormwater Management Facility

---

## LOCATION

The Oklahoma Phase I stormwater management facility is an existing facility located in the Liberty Reservoir Watershed. The pond is currently functioning as a water quality pond for the subdivision that is located near Stillwater Court and Monroe Avenue.

## DESCRIPTION

Due to the current condition of the dam, the County is looking at retrofitting the facility to bring it up to current standards thereby ensuring that the facility is capturing all of the drainage area intended to drain into the facility.
