

# Oklahoma II Foothills Stormwater Management Facility

## LOCATION

The Oklahoma Two Foothills stormwater management facility is an existing facility located in the Liberty Reservoir Watershed. The pond should be functioning as stormwater control for the subdivision that is located near Snowdens Run Road and Forest Lane.

## DESCRIPTION

Due to the current condition of the barrel pipe, the County is looking at retrofitting the facility to bring it up to current standards thereby ensuring that the facility is capturing all of the drainage area intended to drain into the facility.

## PROJECT ENGINEER

- CLSI

## CONTRACTOR

- CJ Miller, LLC.

## PROJECT BUDGET

- Engineering- \$ 21,969.80
- Construction- \$ 125,000.00

## PROJECT TIMELINE

- Design completed Summer of 2009.
- Construction completed January 2010.

## UPDATES

### January 2010

- The facility has been completed and stabilized. Sediment control measures will remain in place until a 2" stand of grass is established.

### November 2009

- The retaining wall has been constructed and the inside slopes of the facility have been graded, and the recharge cavity has been dug out.

### October 2009

- A pre-construction meeting was held with a representative from CJ Miller, LLC and construction should begin within the month.

The facility has been seeded and mulched.
