

## Quail Meadows Stormwater Management Facility

### LOCATION

The Quail Meadows subdivision consists of four existing water quality facilities located near Quail Meadow Lane and Fox Sedge Court. These facilities are located within the Liberty Reservoir Watershed.

### DESCRIPTION

Due to the current condition of the ponds, the County is looking at retrofitting the facilities to bring them up to current standards thereby ensuring that the facilities are capturing and treating all of the drainage area intended to drain into the facilities.

### PROJECT ENGINEER

- Carroll Land Service, Inc.

### CONTRACTOR

- TBD

### PROJECT BUDGET

- Engineering- \$ 26,968.00
- Construction- TBD

### PROJECT TIMELINE

- Design should be completed by the Spring of 2010.
- Construction should begin by Summer of 2010.

### UPDATES

#### January 2010

- A meeting was held at the Eldersburg Library with HOA members to discuss additional retrofit options to capture additional untreated run off. At this time the county has decided not to move forward with these options.

#### December 2009

- The county met with residents to discuss the retrofit process and a time table for construction.

This picture illustrates the four facilities located in the Quail Meadows Subdivision.
