

**DEPARTMENT OF GENERAL SERVICES**

**BUREAU OF BUILDING CONSTRUCTION**

**Vehicle Equipment Wash Building**

**Project Summary**

This is a design/build project that seeks to add a one story, 2100 sq. ft. building to accommodate an InterClean Public Works, One-Step Wash, Truck Wash, Reclaim Water System and all associated equipment. The project will include installation of the InterClean equipment and water reclamation system, a Petro Vend control system, automatic entry and exit overhead doors, entry and exit pad improvements, and related site work.
