

NEIGHBORHOOD OVERLAYS

DESCRIPTION

This year, twenty-five County neighborhood streets in Grand Valley Farms, Mystic Kane, Sullivan Heights, Wedgewood Terrace, Carrollyn Manor, and three Westminster streets are included in the annual neighborhood overlay program. Storm drain inlets and pipes, curbs, hot-mix asphalt paving, and shoulders are typical work items addressed in the project. A variety of repair methods are planned for these roads, including reclamation, use of paving fabrics and milling and paving. These methods are less costly than a complete reconstruction and also minimize disruption to traffic flow.

Once construction begins, traffic will be maintained through the work zone with flagging operations. Construction is expected to last about five months. Weekly press releases will identify the roadwork planned for the following week. The press releases will appear in the local newspaper and on the County's website.

Public Works thanks the public for their patience and understanding as this roadwork proceeds.

Grand Valley Farms

Arbor Drive
Canyon Court
Everest Road
Footpath Court
Grand Valley Court
Lake Drive
Trail Court

Mystic Kane

Changing Seasons Road
