

ROAD OVERLAYS

DESCRIPTION

This year, six County roads are included in the annual maintenance overlay program. Drainage pipes, curbs, hot mix asphalt paving, shoulders and traffic barrier are typical work items addressed at the same time. Drainage pipe work will be completed under a separate contract. Maintaining our roads with a strong overlay program delays or eliminates the need for much more costly road reconstruction.

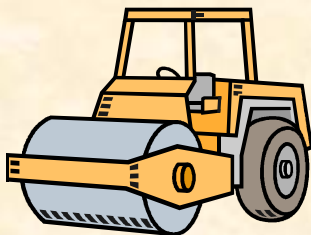

Once construction begins, traffic will be maintained through the work zone with flagging operations. Construction is expected to last about five months. Weekly press releases will identify the roadwork planned for the following week. The press releases will appear in the local newspaper and on the County's website.

Public Works thanks the public for their patience and understanding as this roadwork proceeds.

ROADS

LIMITS

Coon Club Road	Houcksville to Leister's Church
Houcksville Road	Carrollton to Bypass Bypass to Hampstead Limit
Hughes Shop Road	MD 140 to Pleasant Valley
Old Bachman Valley Rd	Magna Way to Fridinger Mill
Salem Bottom Road	Muller to MD 584
Sullivan Road	MD 140 to MD 27

UPDATES

October 12, 2011:

Paving on all six roads is complete. Ancillary shoulder work is underway.

June 10, 2011:

Notice to proceed has been issued to both contractors. Work on Coon Club and Houcksville Roads is underway.

April 25, 2011:

The three bids opened on March 23, 2011 for the drainage pipe work and the five bids opened on March 30, 2011 for the paving work were reviewed and presented to the Board of Commissioners. The Board approved the drainage pipe repairs project and the paving project on April 21, 2011. Contract award is underway.

January 14, 2011:

Field data collection is near completion. The drainage pipe work will be prepared as a separate contract and will be advertised first. Advertisement of the paving portion will follow.

PROJECT ENGINEER

- Bureau of Engineering

CONTRACTOR

- Stambaugh's Inc. (drainage pipe contract)
- C. J. Miller, LLC (paving contract)

PROJECT BUDGET

- \$4,727,000 County and state funds

CONTACT INFORMATION

- Bureau of Engineering at ccengineering@ccg.carr.org

PROJECT TIMELINE

- Design completed in February 2011
- Construction planned to start in May 2011
- Expected completion date is November 2011
