Emergency Water Service Line Repair on Oak Hill Drive

Sykesville, MD, September 11, 2018 – The Carroll County Bureau of Utilities has shut off water service on Oak Hill Drive, Oak Hill Court and Todd Lane to perform emergency repairs to a water corporation valve that was struck by a contractor on Oak Hill Drive. Approximately 94 homes are without service while repairs are made.

It is anticipated that water service will be off for approximately 1 to 3 hours during repairs and service is expected to be restored on or before 5 pm barring any unforeseen circumstances.

Once service has been restored, residents may experience cloudy water lasting up to an hour. Turning the cold water tap on and running water for several minutes will clear the lines. It is recommended that residents refrain from using high water volume appliances such as washing machines, dishwashers, etc., during periods of cloudy water or low pressure.

If you have any questions regarding this emergency repair, please call the Bureau of Utilities office at 410-386-2164.
