Health Department Seeks Help to Find Dog

Westminster, MD (December 5, 2016) – The Carroll County Health Department is asking area residents for help in finding a dog that bit a person at approximately 5:15 AM around the Middlebrooke Apartments on Bishop Street in Westminster on December 1.

The dog was described as having a medium build, pointy ears, longer tail and a short brown coat.

According to the Health Department, it is likely that the victim of the attack will be treated with a series of post-exposure rabies shots if the dog has not been found and verified to be in good health by the morning of December 9.

If you have any information that may help locate this dog or its owner, please contact the Carroll County Health Department at (410) 876-1884 or the Carroll County Humane Society at (410) 848-4810.

The Carroll County Health Department's website can be found at <http://cchd.maryland.gov> and you can follow them on [Facebook](#).
