Emergency Repairs for Carroll Dale Road Water Main Break

Sykesville, MD, February 18, 2016– Carroll County Bureau of Utilities is shutting down water service today between 11:00 am and 12 noon to approximately 15 homes located on Carroll Dale Road to do an emergency repair to a 6-inch water main.

Bureau of Utilities personnel are on site and emergency crews are in route. Service will remain off until repairs are complete and staff anticipates service to be restored by 4 pm today barring any unforeseen circumstances.

Once service is restored residents may experience cloudy water lasting up to an hour. Turning the cold water tap on and running water for several minutes will clear the lines. It is advisable to refrain from using high water volume appliances such as washing machines, dishwashers, etc., during periods of cloudy water or low pressure.
