Health Department Needs Your Help

The Carroll County Health Department is asking area residents for help in finding a dog that bit a person around 3:30 PM at Bennet Cerf Park in Westminster on Sunday, June 19. The dog was described as being a white pit bull with gray on its face. It was in a red van with two other dogs. According to the Health Department, it is likely that the victim of the attack will be treated with a series of post-exposure rabies shots if the dog has not been found and verified to be in good health by the morning of June 29. If you have any information that may help locate this dog or its owner, please contact the Carroll County Health Department at (410) 876-1884 or the Carroll County Humane Society at (410) 848-4810.
