September 15, 2016

The Carroll County Health Department is asking area residents for help in finding a dog that bit a person between 1:30 and 2:00 AM across the street from The Upper Deck Sports Bar and Grill on South Main Street in Mt. Airy on September 11. The dog was described as being large with a black and brown coat. According to the Health Department, it is likely that the victim of the attack will be treated with a series of post-exposure rabies shots if the dog has not been found and verified to be in good health by the morning of September 21. If you have any information that may help locate this dog or its owner, please contact the Carroll County Health Department at (410) 876-1884 or the Carroll County Humane Society at (410) 848-4810.

**Thank you for your assistance.**
