Immediate Release:

December 21, 2016

The Carroll County Health Department is asking area residents for help in finding a dog that bit a person between 10:30 PM and 11 PM near the Church of the Nazarene on Sullivan Road in Westminster on December 19. The dog was described as being a large Rottweiler wearing a black collar with a metallic purple tag. According to the Health Department, it is likely that the victim of the attack will be treated with a series of post-exposure rabies shots if the dog has not been found and verified to be in good health by the morning of December 29. If you have any information that may help locate this dog or its owner, please contact the Carroll County Health Department at (410) 876-1884 or the Carroll County Humane Society at (410) 848-4810.

Thank you!
