## Water Service to be disrupted for Sweet Air Lane Valve Repair

**December 7, 2017, Eldersburg MD** – On Wednesday, December 13, the Carroll County Bureau of Utilities will shut down water service to approximately 15 homes on Sweet Air Lane to replace a blow-off valve. Should there be unexpected delays or inclement weather this work will commence on Thursday December 14, 2017.

Starting at 8:00 am water will be turned off while the contractor replaces the water valve. We anticipate service to be restored by 4:00 pm barring any unforeseen circumstances.

Once full service is restored residents may experience cloudy water lasting up to an hour. Turning the cold water tap on and running water for several minutes will clear the lines. It is advisable to refrain from using high water volume appliances such as washing machines, dishwashers, etc., during periods of cloudy water or low pressure.

If you have any questions please call the Bureau of Utilities office at 410-386-2164.
