

Miller Watts

Location

The Miller/Watts pond is located adjacent to MD Route 140 and Dede Road in Finksburg. The project site is within the Liberty Reservoir watershed.

Description

The retrofitted pond will be expanded to accommodate a larger drainage size (39.65 acres, 87.7% of which is industrial and commercial). Two retaining walls and an access route will be constructed to correct the steep slopes and provide access for maintenance personnel.

Project Engineer

CLSI, Inc.

Contractor

C.J. Miller LLC

Project Budget

Engineering: \$60,505
Construction: \$976,000

Project Timeline

Construction is complete.

Updates

The BRM is awaiting CLSI's review and submission of the as-built drawings.
