

Roberts Mill

Location

The Roberts Mill project is located off of O'Brien Street in Westminster, MD in the Double Pipe Creek watershed.

Description

The project will provide stormwater management to a 300 acre drainage area, 83 acres of which are impervious. The goal is to provide up to 2.5 inches of water quality over the impervious area through the construction of a retention pond.

Project Engineer

CLSI

Contractor

TBD

Project Budget

\$136,000.00

Project Timeline

The engineering for the project will be awarded to a contractor in early December. The BRM applied for a grant of \$75,000 from the Chesapeake Bay Trust to cover a portion of these design costs.

Updates

The BRM was awarded a \$75,000 grant by the Chesapeake Bay Trust (CBT) for their Watershed Assistance program. CLSI is completing field survey and assessing hydrology for the drainage area.
